Event title: Overnight Fall Kids Camp - Ocala National Forest

Event description:

At our camp, children can enjoy the fresh air surrounded by the Ocala National Forest, with its lakes, rivers, and unique natural springs. What could be better for a child's health and relaxation than nature and socializing with peers? At the camp, children forget about gadgets and computer games. Resting in hammocks, evening campfires, reading books at night, fishing, and other calm activities will rejuvenate your child with energy and strength for the start of the next school period.

ENTERTAINMENT

Our camp offers a variety of interesting activities for children. Counselors engage children with board games and educational activities. The children participate in contests and relays, complete useful tasks, play on the playground, solve quests, jump on trampolines, swing on swings, socialize, or enthusiastically play team ball games. At the end of each day, the camp hosts an evening cinema where kids can watch children's movies or cartoons.

COMMUNICATION

In addition to entertainment and relaxation, children have plenty of opportunities to make new friends and engage in various conversations. They often bond over shared interests in nature, animals, science, or sports. In the large camp group, children help and care for each other in their squad or team, learn about different personality types, practice good communication, and gain experience in handling complex and contentious situations.

FREE TIME

Daily, between meals and activities, children have free time for themselves, to rest, call parents, or simply relax. This is each child's personal time, allowing them to do whatever they wish!

SPORTS

Children spend a lot of time at camp engaging in their favorite sports, playing soccer, volleyball, ping-pong, basketball, and participating in mandatory morning exercises. The program also includes forest hikes or swimming in the lake. The camp also offers badminton, pickleball with rackets and a net.

HOBBIES AND CREATIVITY

Our camp provides a wide range of activities for creative development. We offer drawing classes, sculpting, cooking workshops, chess games, origami, and LEGO construction. During this time, children not only develop their talents and skills but also enjoy interacting in a pleasant atmosphere, diving into their favorite hobbies.

EDUCATION AND WORK

During the evening cinema, children watch not only regular cartoons and movies but also educational and informational programs. They participate in intellectual or musical quizzes and solve engaging and educational quests. All children are encouraged to help in the kitchen, with cleaning tasks, or in carrying out important and useful assignments.

CAMP LOCATION:

Near Orlando, Ocala National Forest.

AGE:

7-14 years
