Event description:

FAMILY CAMPING WITH TENTS IN NATURE

An unforgettable adventure for the whole family, enjoying nature, fresh air, the comfort of a tent camp and communication with old and new friends. This is an opportunity to spend time together, away from the hustle and bustle of the city, under the starry sky by the fire. Recharge yourself with the energy of nature and create memories that will last a lifetime!

For adults and children:

Disconnect from the hustle and bustle of everyday life: Adults often seek an opportunity to take a break from work, stress and the hustle and bustle of the city. Camping offers peace and unity with nature, which helps to recharge and relax. Quality time with family: Camping allows you to strengthen family bonds. Without distractions like TV or smartphones, adults can fully focus on communicating with their children and each other.

Physical activity: Hiking, swimming, collecting firewood and cooking over a campfire help adults stay active and enjoy the outdoors.

Return to simplicity: Camping allows you to immerse yourself in the simple life, which gives you the opportunity to rethink your values and experience the joy of simple things and minimal comfort.

For children, camping is the freedom to explore and create, it is learning and new skills. Children are more relaxed and sensitive in nature. In moments of communication with other children, here they forget about phones and gadgets. This is where they understand reality and real life.
